

Keep track of your hunt!

As you go on your treasure hunt, use this card to mark down where you saw the clues and to keep track of where you have been.

1

Find the big urn and go into the wood, be careful of your step and watch for the big logs.

2

Head for the tennis courts and look for the tallest trees you can find, where there may be something to interest your mind.

3

Head past the mansion house and follow the woodland path, look at the mansion house, do you see anything special?

4

Now head up into the woods Soldiers and turn left by the bin, have a seat if you wish and you might see something you need.

5

Follow the path and do not stray, a tree like spaghetti will be in your way.

6

Follow the grass path and turn to the left, your next clue will be near something red. Walk down the hill, look at the view, it must be selfie time, so take a pew.

7

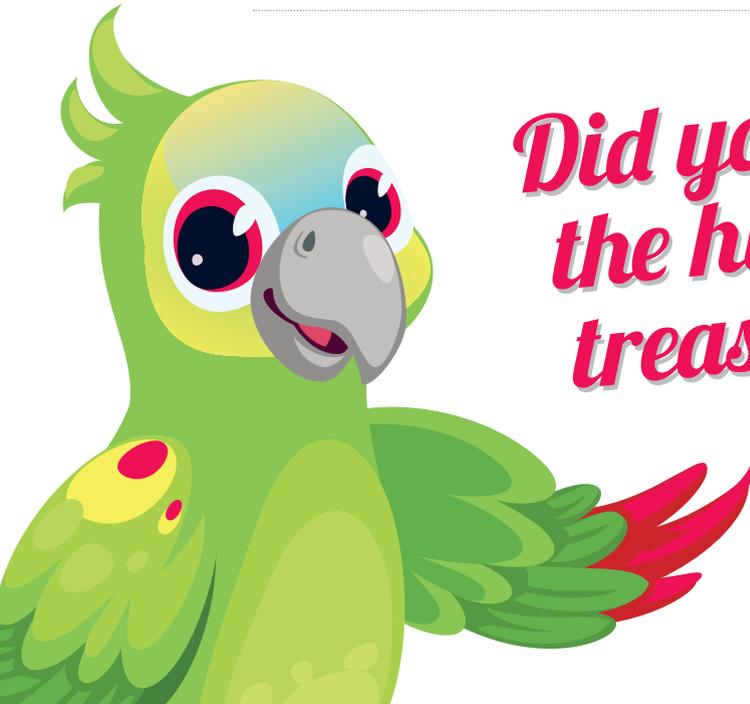

This is a tricky one, don't throw it all away! You may have to venture off the beaten track to find the next clue. Think what keeps the fire going strong and you won't go too far wrong.

8

If you go through the gate you have gone the wrong way! Keep to the right, the next clue will be at a height.
